2. What brought this material to your attention? I-saw this book mentioned on a Social media Post, found this book is in the shelf at school!!!

3. Did you examine the entire material? No if not that parts did: pages: 8,16,25,26,37,49,52,53,92,98,99, 106, 108. Includes drawing of adult woman with over abundant pubic hair for no apparent reason just inserted into the book...

4. To what material do you object. The above pages detail self stimulation acts and description of trans sexual positioning, multiple sexual partners are involved. This book belongs on an adult shelf not in a school library. The weird drawing of a woman's abundant pubic hair is particularly a poor choice for a school.

5. What do you think is the theme or purpose of the material?

To cause a person to do be sexually stimulated. To make an adult accepting to the passages about trans sex, violent sex, and masturbation. This is not for kids.this is a lot of anxiety as well. Not a healthy book for middle to high school it seems like it makes a person feel depressed and overly sexually stimulated for a school experience.

6. What do you feel might be the result of a student using this material?

A student reading This depressing and horribly over sexualizing book might feel suicidal and or depressed.

7. For what age group would you recommend this material?

21 and Up.

8. In your opinion, is there anything of value in this material?

No. There is an overwhelming amount of offensive material. The only use this material has is as paper mulch..

9. Have you read any critical reviews of this material? If so, what? Please be specific.

Wall St. Journal, New York Magazine, Boston Globe

The reviews do not mention the violent sexual scenes! I do not agree with the reviews. Not for a children's book!

10. What would you like the school to do about this material? (Check your choice.)

Do not assign it to my child.

Withdraw it from all students: ☒

Other: (Please explain)

11. If this material is withdrawn, what material of the same subject and format would you suggest as a substitute?
